

Checking Your Sample Results

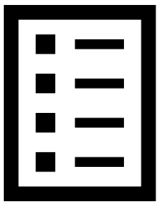

How to get your results:

1. Visit www.allaboutarsenic.org, which has information about the project, resources, and quick links to data.

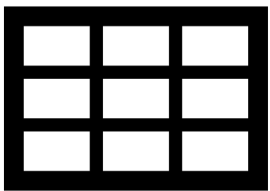

2. On the right hand side, enter your sample number into the “Look up your sample” box and click “Look up”.

3. You will be taken to your sample record on the All About Arsenic project on Anecdata.org.

What to do next:

You’ll be able to access your results at any time, but if you want to save them, you can:

- Write them down.
- Take a screenshot.
- Download your sample data in a CSV file.

I have questions about my results. What do I do?

- Check out the [Sampler Resources](#) on All About Arsenic, especially [Be Well Informed](#) and [Arsenic and You](#).
- Call the Maine Center for Disease Control and Prevention well water hotline at 866-292-3474.
