

# Checking Your Sample Results

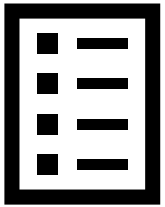

## How to get your results:

1. Visit [www.allaboutarsenic.org](http://www.allaboutarsenic.org), which has information about the project, resources, and quick links to data.

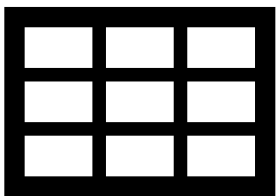

2. Go to the “For Samplers” page [Sample number XXX-YYY](#) then enter your sample number in the “” box and click “Look up”.

3. You will be taken to your sample record on the All About Arsenic project on [Anecdata.org](http://Anecdata.org).

## What to do next:

You’ll be able to access your results at any time, but if you want to save them, you can:

- Write them down.
- Take a screenshot.
- Download your sample data in a CSV file.

## I have questions about my results. What do I do?

- Check out the [Sampler Resources](#) on All About Arsenic, especially [Be Well Informed](#) and [Arsenic and You](#).
- Call the Maine Center for Disease Control and Prevention well water hotline at 866-292-3474.
